

Tension spring Z 6-19

Tension force F1	30N - 330 Newton
Progression	10 %
Piston rod	Ø 6 mm steel chromium plated
Cylinder	Ø 19 mm steel black spray coated
Fittings	Steel zinc plated

Standard Strokes [mm]	50, 60, 80, 100, 120, 140, 150, 180, 200, 250, 300
Special strokes available upon request	
Base Length L	= 2 x Stroke + 100mm
Overall Extended Length	= L + L1 + L2
Piston Rod End includes	Pressure Release Valve
Extras	Codes 4, 6 (see pages 4 & 28)
Tension Spring and fittings	also available in complete stainless steel (VV)
For additional end fittings and also mounting brackets	see pages 29, 30 and 31
Order Code example	Z6 19 0100 1 0300 GZ07 GZ07 100N (see page 4)
