

Tension spring Z 10-28

Tension force F1	150 - 1200 Newton
Progression	20 %
Piston rod	Ø 10 mm steel chromium plated
Cylinder	Ø 28 mm steel black spray coated
Fittings	Steel zinc plated

Standard Strokes [mm]	20, 50, 60, 70, 80, 100, 110, 120, 130, 150, 160, 180, 200, 220, 250, 300, 350, 400, 450, 500
*Special strokes available upon request	
Base Length L	= 2 x Stroke + 100mm
Overall Extended Length	= L + L1 + L2
Piston Rod End includes Pressure Release Valve	
Extras	Codes 4, 6, VV (see pages 4 & 28)
Tension spring and fittings also available in complete stainless steel (VV)	
For additional end fittings and also mounting brackets see pages 29, 30 and 31	
Order Code example	
Z10 28 0200 1 0500 GZ10 GZ10 500N (see page 4)
